Experience

- May 2022 - Present Bangalore

UI/UX Designer
OurEye.ai

Worked on B2B and B2C products. Designed apps, dashboards and websites for the same. These products were based on Video Analytics and Cameras. Being the sole designer, had experience working in tight and pressure conditions. Also worked with technical team to translate the designs.

- Dec 2021 - Feb 2022 Remote, CA

UI/UX Designer Intern
Business Innovation Labs

Entire UI/UX Process for RaaS solutions. Designed Websites using WordPress. Designed Investor Decks and Customer Decks for the designed Products. Translated requirements into designs in quick time.

- Jun 2021 - Oct 2021 Remote, IN

UI/UX Designer Intern
Saapect

Conducted user and competitive Analysis followed by Product designing cycle. Primarily worked on websites and SaaS based research and interface designing. Also worked as a Project and Team Manager
